ALPHABET ZOO
by Karin Larson

(MITCHELL, SOUTH DAKOTA) "From letters A to Z, furry faces are here to see. Living in cages and ponds or feathered friends in a tree, explore a zoo of exciting animals from land, air, and sea."

What reviewers are saying about ALPHABET ZOO:

"*Alphabet Zoo* is beautifully illustrated by C.E. Dale. Children's author, Karin Larson, takes the reader and their young muses on a whimsical tale through the alphabet, from A to Z. The habitat of each animal is captured perfectly through the written word and illustrations. The 'what comes next question' will continually be had before turning each page and the discovery of what animal that correlates to each letter of the alphabet is fun for all ages. *Alphabet Zoo* is a true delight and inspires thought provoking imagination. Bravo!" ~ Donna M. McDine, award-winning children's author of *The Golden Pathway and A Sandy Grave*
